100's OF THOUSANDS TURN OUT TO VOTE NATIONAL FRONT!

NATIONAL FRONT
53, Greencroft Towers,
Felling, Gateshead 10.

APPROACHING A QUARTER OF A MILLION PEOPLE THROUGHOUT BRITAIN VOTED NATIONAL FRONT IN LAST MONTH'S MUNICIPAL ELECTIONS. NO PARTY IN FIFTY YEARS HAS EVER MOUNTED SUCH A CHALLENGE TO THE OLD PARTIES.

Despite the anti-NF hate propaganda of the media, patriots in their hundreds of thousands voted to give the NF its biggest single boost yet. "NATIONAL FRONT ON ITS WAY" cried the *Evening Standard* after polling day.

The most spectacular results were those in the Greater London Council elections, where the NF fought 91 of the 92 seats. No less than 119,000 Londoners voted NF. This was more votes in London alone than the NF polled over the whole country at the last General Election.

NF candidates delivered a massive right hook to the Liberals, beating them in 33 of the 92 seats. It is now only a matter of time before the NF pushes the Liberals off the scene.

The party polled some of its best votes ever - 19.2 per cent in Bethnal Green & Bow, 19 per cent in Hackney South & Shoreditch, 16.4 per cent in Stepney & Poplar.

In Leicester, the NF shocked the old parties by maintaining a solid voting support despite a massive Tory swing and a most vicious smear campaign.

NF candidates trounced the Liberals in every City seat but one.

With 54 candidates in the field, they polled a total of 29,000 votes in the City and County of Leicester-shire.

The Liberal party is now finished there. In four of the County seats, the NF hammered the Labour party.

Nationwide, voters gave their support to more than 400 NF candidates and their message "BRITAIN FIRST" - in Wolverhampton, Coventry, Leeds, Bradford, Blackpool and numerous other towns and cities from Bodmin in Cornwall to Cleveland in the North.

WITH THIS SUPPORT, THE NATIONAL FRONT IS NOW READY FOR THE NEXT BATTLE, THE GENERAL ELECTION, WHEN OVER 300 CANDIDATES WILL BE STANDING.

Make Whites clean toilets say Asians

ASIANS believe White workers should clean factory toilets because it is "against their religion".

This interesting view of community relations was revealed after two Asians, Mohammed Munir and Mohammed Azam, had been sacked by a Peterborough brick company for refusing to do the job themselves.

Abdul Choudhuri of the Pakistani Welfare Association admitted that there was "no specific rule" forbidding Moslems to clean toilets.

A Great St. George's Day

MORE than 1,500 National Front members marched through Haringey, N. London, on the party's annual St. George's Day parade on 23rd April, despite attempts by a mob of Communists, Trotskyites, 'Black Power' supporters and Labourites to halt it by violent mob action.

Thanks to firm Police action and the resolute discipline of the NF marchers, the Red mob failed in its attempt to reduce the patriotic occasion into a bloody melee. More than 80 Red troublemakers were arrested.

Later a great NF rally was held in a Palmers Green school at which more than 1,300 was collected, and high praise given to the new Manchester NF Drum Corps.

ZIONISTS REJOICE AS ISRAEL ELECTS WAR CRIMINAL MENACHEM BEGIN AS P.M.

ANOTHER Middle East war, which could involve the world in a nuclear holocaust, loomed as Israelis elected a notorious war criminal, Menachem Begin, as Prime Minister of the Zionist state in May.

Begin was sadistic leader of the infamous Irgun Zvai Leumi terrorist group during the post-war build-up to the creation of Israel. He was responsible for numerous war crimes, including:

- The blowing up of the King

David Hotel in Jerusalem which killed hundreds.

- The flogging with barbed wire of kidnapped British Army officers.

- The slow hanging of two British Army Sergeants in the eucalyptus groves in Natanya.

- The massacre of hundreds of women, old folk and children in the Arab village of Deir Yassein.

He boasted that it was his inten-

Immigration: Whites face horrific disease risk

FEAR of a White backlash against multi-racialism is preventing the truth being told about the Immigrant-carried disease of sickle cell anaemia, says a report in a doctors' journal.

Sickle cell anaemia is a blood disease only found amongst Blacks. It causes stunted growth, jaundice and early death.

White people, thanks to multi-racialists, face a serious danger of infection because there is no segregation of blood used in transfusions, so Whites have no protection against this disease, which they could not otherwise contract.

The report quotes a Jamaican organisation set up to fight the disease among Blacks:

"There is the fear of a backlash from the White community. You can imagine what the National Front would do with information like this."

Leprosy is another disease that now stalks Britain. A total of 1,024 cases of this horrible disease have been identified amongst the Immigrant population, according to a Government *Memorandum on Leprosy*. Leprosy is contagious.

Tuberculosis is still on the increase. Following a TB outbreak in an Immigrant-inundated school, the Leicestershire Area Health Authority was so terrified that the National Front would alert the White population that they waited until the day after polling day in the local elections, where the NF was fighting every City seat, before notifying parents. And to prevent the NF from using their letter, they

made it copyright!

A recent meeting of the North West Thames Regional Health Authority excluded the press because of publicity "prejudicial to the public interest". The minutes of the meeting, leaked to *National Front News*, reveal an alarming 68 per cent rise in TB among Immigrants.

"Sixty in every 1,000 Immigrants X-rayed at Heathrow had TB. But only a small percentage of all Immigrants are X-rayed. Multiple cases have been found at hotels employing large Asian staffs. The existing unknown infector pool is being fed by a stream that starts at London Airport."

At the same time, foreign doctors are taking over whole sectors of the Health Service. Many are ill-qualified and unable to speak English. 70 per cent of junior hospital doctors are now Immigrants.

General practice is also declining. Abuse of drug prescriptions, the import of illegal 'medicines' and surgeries held in tents are a few of the malpractices of Immigrant doctors.

London NF Members' election alert!

TWO Newham Borough Labour Councillors have died recently and there will be by-elections for the two wards - Canning Town and Grange - both of which turned in excellent votes for the NF in the recent G.L.C. poll.

The *Newham Recorder* thinks both seats could be won by the NF, and a Labour spokesman said: "This will be fought like a fight to the death!" A July 14th polling day has been set for both wards.

Labour will be flooding in campaign workers from all over London. The NF must do the same! London NF Organisers are asked to phone Sid Chaney or Don South of the N.E.D., or Head Office at once for mobilisation details!

WE THRIVE ON THEIR HATE

TORY leader Margaret Thatcher has announced: "The Conservative Party has absolutely nothing to do with the National Front."

The Labour Party has announced its intention of stepping up its "war" against the NF.

The Liberal Party is now to instigate its own anti-NF campaign.

The mass media's orchestrated anti-NF hate campaign is daily more blatant.

All this will benefit the NF enormously.

Britain is bankrupt and is likely to remain so as this is the inevitable outcome of the corruption of our economy and Parliament by the International Money Power.

There are 1½ million unemployed, and unemployment will be a continuing feature as investment, industry and talent is sucked into the Common Market.

Fast-breeding Coloured Immigrants pour in at a rate of 100,000 per year to assert their "rights" over the indigenous population, who have to foot the bill out of decreased earnings.

The infrastructure necessary to sustain Britain as a prosperous and orderly nation is crumbling.

When the collapse comes the British people will know who to blame: those who have held power for so long and who have made it clear that they are unitedly opposed to the National Front.

"WHY THE TORIES WILL FAIL" — JOHN TYNDALL

"CONSERVATIVES at the moment are in a state of euphoria due to their recent election successes, but a short time after they form the next Government and have to grapple with the country's problems they will be in the doldrums."

This was the message given by NF Chairman John Tyndall at a press conference in London early in May.

"The Tories are committed to a totally unworkable wages policy under which workers' pay must be held down while the cost of living rockets up," he said.

"They seek to counter inflation by wage freezes and by withdrawing purchasing power from the economy. This will fail," Mr. Tyndall explained, "because it does not get to the root cause of inflation."

"Inflation is caused because money used to refuel the economy is created by the banks and loaned into the economy."

Mr. Tyndall declared that to keep wages down in this situation could only lead to more industrial warfare, while the mere removal of purchasing power by issuing less money will just increase unemployment.

"The Tories will also flounder," he continued, "because they are committed to the Common Market at a time when every commonsense pointer indicates that Britain should come out."

He believed that Britain's economy is suffering disastrously from EEC competition in the British market and from that of other foreign exporters to Britain like Japan.

"Only a policy of import controls will give British industry a chance to recover — but the Tories will not under any circumstances adopt such a policy," he warned.

Mr. Tyndall went on to predict: "A Tory Britain will see a continuing decline of industry and more unemployment. After a year or so a Tory Government will be as unpopular as the Labour Government is now."

"At that point," he concluded, "the National Front will start to make as large inroads into the Tory vote as it is making into the Labour vote now."

Conspirators set agenda for Downing St. 'summit'

PRESIDENT Roosevelt once said: "Nothing just happens in politics. If it happens, you can bet it was planned that way."

He was right. But who are the "planners" today?

The truth is that they are no longer elected Governments. Britain and other Western countries are now so in debt to International Bankers that the bankers themselves are able to rule nations and plan their future.

The bankers have organised themselves in super-secret organisations like the Bilderberg Group and the Trilateral Commission, which are the real centres of political power. Few people have ever heard of these bodies, yet they control governments.

The purpose of these groups is to internationalise the world by destroying national sovereignty, and to create a World State with a world economy under their control. That is why they have created such bodies as the UN and the EEC.

In April, these conspirators assembled at Torquay in Devon for the annual meeting of the secret Bilderberg Group. We know who was there — big bankers like David Rockefeller; financier wide-boys like George Ball; Henry Kissinger; and our very own Chancellor of the

Exchequer, Denis Healey.

What they didn't tell us was what they planned, because the press are totally barred.

But coincidentally, the Downing Street "summit" took place a few weeks later. Carter, Callaghan and Schmidt were there, all of them Bilderbergers or Trilateralists.

All their decisions were aimed at furthering the bankers' power and destroying national sovereignty, particularly Britain's. They decided:

1. That countries are forbidden from protecting themselves against the flood of foreign imports by setting up tariff barriers.

2. That the International Monetary Fund must have more control over the policies of countries they loan money to.

3. That White nations must pour more resources into the Black countries of the Third World.

REMEMBER, THINGS JUST DON'T "HAPPEN" IN POLITICS. THESE PLANS WERE OBVIOUSLY LAID WEEKS BEFORE BY THE REAL PLANNERS, THE BILDERBERGERS.

ZIONISTS AND REDS SUBVERT NEWS MEDIA IN 'WAR' ON NATIONAL FRONT

SHOCKING evidence has come to light to indicate that the Zionist Board of Deputies of British Jews are involved in an operation parallel to that of Left Wing revolutionary groups to subvert the news media as part of their "war" against the National Front.

The original instigation for this campaign came from the Board of Deputies some years ago when at a closed "anti-racist" meeting in Hampstead, N. London, a Board spokesman and Hackney Labour Councillor Arthur Paul Super declared:

"I am in touch with most of the editors of papers in North London and I can tell you that they will publish nothing about the NF unless it is involved in trouble."

Shortly before the G.L.C. elections, the April bulletin of the National Union of Journalists North London Branch came into our hands.

The bulletin instructed journalists:

"Suppress news items about the NF wherever possible; never report NF statements in a straightforward manner; prepare propaganda features against the NF; report favourably the activities of the NF's opponents; and organise strikes if Editors fail to support these tactics."

The instructions were compiled

by the Trotskyite Campaign Against Racism in the Media, in association with the N.U.J.'s national Race Relations Sub-Committee, and at least one Board of Deputies representative.

On May 15th the L.W.T.V. London Programme broadcast a hymn of hate against the NF. The Researcher for the programme was Gerry Gable, a former Communist Party candidate and an associate of clandestine Zionist terrorist groups.

After Private Eye magazine revealed recently that several Zionist millionaires had subsidized the publication of a journalist's boring rag-bag of a book about the NF, Gable wrote to Private Eye admitting he had been the author's "researcher" for many years.

In May the Daily Telegraph was about to print a half page story about the NF's women candidates by Gerard Kemp. The story was set in type, but at the last moment it was "killed" as a result of top level pressure from the Zionist Board of Deputies.

PUBLIC TELL POLL: 'GET US OUT OF E.E.C.'

PUBLIC outrage against the disastrous impact of Britain's membership of the Common Market (E.E.C.) is mounting steadily, according to a poll conducted by the Gallup organisation.

The poll, conducted this January, shows that 41 per cent of the British people believe that Britain's E.E.C. membership is a bad thing, compared to only 24 per cent in January of 1976.

Only 35 per cent of those interviewed this January thought it was a good thing, compared to 50 per cent in January 1976.

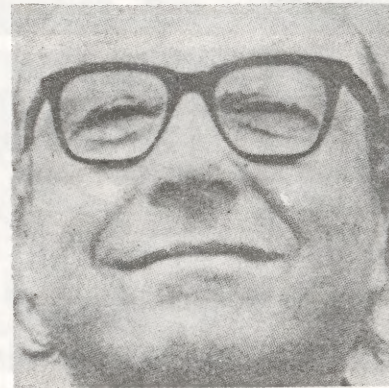

As the percentage of "don't knows" fell by only 2 per cent from 26 per cent in January 1976 to 24 per cent last January, it is clear that the dramatic increase of the anti-E.E.C. percentage comes from former E.E.C. supporters.

Especially noteworthy is the high proportion of women who are against the Common Market. Of those who this January said the E.E.C. was a bad thing, 56 per cent were female. Of those who said it was a good thing, only 47 per cent were female.

In addition, the poll showed a majority of those with high and very high incomes tended to favour the E.E.C., while those with middle to low incomes tended to be against.

It also showed that those in age groups most likely to have families to maintain — especially in the 45 to 54 age group — tended to be against the E.E.C.

Thus the section of the population currently most hostile to the E.E.C. are "lower middle class" and "working class" mature housewives.

"I find the E.E.C. vewwy beneficial" says Euro-Traitor Roy Jenkins on £70,000 a year (tax-free)!

These are the people who have the responsibility for trying to feed and clothe our British families on wage-frozen budgets while prices zoom up.

Not all our British Mums have a deep knowledge of the complex E.E.C. "Common Agricultural Policy" and "Green Pound" arrangements.

But they know for a fact that since Britain went into the Common Market food prices increase daily and their families' standards of living have fallen.

What they now need to be told is that the Labour, Conservative and Liberal parties all support Britain's membership of the Common Market, while the National Front is the only party which says: "GET BRITAIN OUT!"

Establishment stunned by NF Stechford vote

YOWLS of anguish went up from 'Establishment' politicians of all parties and from the press after NF Stechford by-election candidate Andrew Brons beat the well-established Liberal Party candidate into third place with all but 3,000 votes (8.2 per cent).

Many newspapers carried articles about the NF's achievement, larded with words like: "ominous", "frightening", "worrying", and "significant". The Daily Mirror's Keith Waterhouse had a hilarious emotional disturbance.

More typical of sober press comment was an article by Godfrey Barker in the Daily Telegraph on 2nd April, in which he wrote:

"The result for the Liberals was almost as appalling as for Labour. They were pushed out of third place for the second time in five months..."

"There was an alarming 9 per cent swing from Labour to the National Front... this is a trend with an air of permanence about it..."

"However much the major parties may dislike or hate it, the National Front is clearly becoming a force to be reckoned with."

ASHFIELD RESULT

A few weeks after Stechford, NF Nottingham Organiser George Herrod put in a fine effort as the NF's candidate in the Ashfield by-election. Campaigning in 'virgin territory' for the NF, he won 1,734 votes.

This was several hundred votes more than the NF dared hope for. As NF Branches elsewhere were committed to the County Council elections, the party was not able to organise a big march in support of the candidate or draft in outside help.

The significant thing about this result is that the NF vote more than accounted for Labour losing this 'safe' seat. Likewise, the NF's non-intervention in the by-election at Grimsby clearly resulted in the Conservative's narrow failure to win that 'marginal' seat.

Race Board drops case

THE Race Relations Board prosecution against National Front Directorate member Andrew Brons and Leeds Branch Organiser Brian Spinks has been dropped.

The prosecutions arose when a Negro journalist complained that he had been denied access to NF meetings held in Horsforth last year.

The two NF men refused to recognise the Race Board from the outset, and vowed they would accept jail rather than kow-tow.

In view of Mr. Brons' adoption as the NF's candidate at Stechford and big NF News publicity for the case, the Board decided to back down.

Now the two men have instructed Solicitors to proceed against the Board for costs.

These men's courage is in stark contrast to the craven climb-down of NP boss J. Kingsley Read before the Race Board.

NF News Nightmare File

"TERROR TENEMENTS . . . worse than New York" was how Murtle Gardens, Liverpool, was described by local residents at a protest meeting recently following a spate of muggings which included an attack on a 78 year old woman. A Police spokesman told the angry crowd not to form a Vigilante group.

20 STITCHES were needed to fix the severed ear of Abdul Razzak to his head after a blow from a stick wielded by wine and drugs addict Hamid Ali. After being fined £25 and charged £6.50p interpreter's fee in February, the Rossendale (Lancs) Magistrates Clerk told Ali: "For vicious assaults like these their Worship frequently send White men to prison."

A VICIOUS MUGGING was perpetrated by three West Indian yobs to alleviate "boredom" after a 'Blues' party, Sheffield Crown Court was told recently. They waylaid electrician Michael Gosney, battered him, and robbed him of his watch, a signet ring and 20p. Later one of the accused stole a car and assaulted police.

MORTGAGE FRAUDS were Bashir Khan's speciality, Oxford Crown Court heard in March. He and his family "knew every trick in the book when it came to getting mortgages and Social Security by deception." Seven of the nine members of the criminal Khan clan were convicted of securing 14 properties by fraud, then reselling them to other Immigrants. The proceeds had been sent to Pakistan, where the other two had escaped.

"KINKY KNICKERS" salesman Kudlip Singh forced housewife Mrs. Shirley Berry to try on jeans and a cheesecloth shirt after barging into her home. Knutsford (Cheshire) Crown Court heard that he then asked her to pose for sex photographs. He was jailed for indecent assault.

EMMANUEL MBANUGO from Nigeria was attacked in March by a gang of West Indian youths when he refused to give them a lift in his car. He was injured and his car damaged. Mbanugo told Lambeth (S. London) Police: "I have sometimes felt that Black youths are unfairly accused—but this incident has changed my mind."

RAPE IN A TOILET was the intention of "a Coloured man" when he set on pretty 19 year old Mrs. Jeanette Teese in Rugby on the night of 31st March. The attacker ran a broken bottle's jagged edge round her face, smashed it on her head, and told her to go with him into a nearby toilet. A passer-by came to her assistance and the monster fled, leaving Mrs. Teese "soaked in blood".

KNIFE FIGHTING between two Immigrants at the Perkins Engines factory, Peterborough, recently, led to their being sacked on the spot. They immediately complained to their union, the A.U.E.W., that they were "victims of racial discrimination". But the union ruled that "knife fighting could not be tolerated."

A DUMMY PURSE was carried by 60 year old office-cleaner Mrs. Ellen Knight of Harlesden, N. London, because she expected to get mugged one day. On Monday 7th March she was mugged by five West Indians, but put up such a fight that she attracted help and the cowardly Blacks fled. Local Police commented: "Every week we get five or six muggings reported to us, and there are others we never hear about."

SWORD FIGHTING broke out among a group of Sikhs who were arguing about money in their Temple, Leeds Magistrates were told in March. Eleven Sikhs faced a total of 35 charges arising from the affray in the Chapel-town Temple, during which swords were used and seven people stabbed.

"THIS FASCIST COURT" was how illegal Immigrant Najeeb Norman described Camberwell, (S. London) Magistrates Court in May. He was led away shouting: "Eternal glory to Chairman Mao!"

A PITCHED BATTLE between 25 Black thugs and 20 White teenagers took place outside a multi-racial disco in Havering, Essex, in May. Knives and clubs were used by the Blacks, and three Whites, two boys and a girl, were rushed to hospital with serious injuries. "This was not a racial incident," opined a local Police spokesman.

BLACK POWER THUGS deliberately tried to spark-off riots outside clubs in Birmingham on 15th May. Trouble flared outside one club where a Jamaican singer was appearing. Police trying to control an unruly 800 strong crowd were belted with bottles, paving slabs and bricks. Five Police were injured. Twelve Police were injured in a similar incident—involving the same gang—outside a different club an hour later.

A "FEN MURDER" was committed by seven sadistic Cyriot louts in London's West End, an Old Bailey jury decided recently. "Purely for the fun of it" they set on 22 year old Mr. James Smythe, hounded him, and "sadistically" stabbed him to death.

'Deep Throat' gives NF secret report on 'Blacks first' housing scandal

THE PATRIOTIC Briton known as "Deep Throat" who works for Hillingdon Borough Council, West London, and has passed confidential information to the local Ratepayers' group has sent a shock report on Immigrant housing to the National Front.

He tells us that he "risked his job" to copy the minutes of a meeting between Hillingdon Council officials and representatives of the GLC in February.

The minutes reveal a secret plan to immediately house homeless African and Asian families arriving at Heathrow Airport in areas of South and East London.

Hillingdon Council wants them housed outside their borough because "a problem with Coloured Immigrants is developing".

The G.L.C. representative agreed "It would be reasonable to accept two or three nominations each month from Hillingdon but the families must understand that they would not be offered in West London. Accommodation would probably be offered in South, South-East or East London."

The G.L.C. will offer families "four bedroomed dwellings".

The document continues: "The nominees should be families that have recently arrived in this country and are currently in hostels."

The scheme was due to start on April 1st, and is already in operation.

This scandalous report is positive proof that priority in housing is being given to Immigrants who have

barely set foot in this country. White people waiting on housing lists are put last. But reasonable Council officials don't want Whites to find out about the plan. The report noted:

"G.L.C. representatives felt that any publicity given to the G.L.C. offer might react on other outer London boroughs."

National Front News will continue to expose this betrayal of White British families. Watch this space for more reports from "Deep Throat".

Happy Asians at Heathrow Airport awaiting transport to their new homes

'Only NF helped me' says Race Board victim

VIC ASHFORD, the Slough man at the centre of a notorious persecution by the tyrants of the Race Relations Board, told newspapermen that the National Front "were the only people who offered to help me in this predicament."

Vic, a family man, returned home from his job on a North Sea oil rig to learn that the Race Board was prosecuting him for "discrimination" in selling his house.

The Board told him that unless

The Ashford Family

he paid £100 compensation to the Indian who made the complaint,

they would prosecute him under the Race Relations Act. A letter signed by one Vinod Kumar of the Race Board arrogantly stated: "He (the Indian) considers that a sum of £100 would be a reasonable settlement . . ." Mr. Ashford, of course, refused.

He now plans to sue the Race Board for harassment because his wife, who at the time was expecting a baby, suffered blood pressure as a result of the anxiety.

IN THE GHETTOS . . .

'BLACKS NOW BETTER OFF THAN WHITES' — OFFICIAL

BLACKS are far better off than Whites in the ghetto cities of Britain. This shocking admission comes in a report published recently by the pro-Immigrant Community Relations Commission.

Their survey revealed that in Leicester, thirty per cent of Whites had no use of a bath or shower, but only seven per cent of Asians faced the same problem.

While 26 per cent of Whites had no running hot water, almost all Asians had it. Only 3 per cent did not.

The survey, carried out in Leicester, Bradford and the Lambeth and Haringey areas of London, also proved that considerably more Asians than Whites had the use of an inside toilet in Britain's ghetto homes.

"Discrimination in favour of Immigrants is paying off," says Councillor Neil Scrimshaw of Birmingham.

He was speaking of education, and recently admitted that money is being "poured" into education for Immigrants in Birmingham.

£2,500,000 has been spent on school building in just one Black centre, Handsworth. In addition, 40 per cent extra cash has been lavished on the area, with extra staff and language specialists.

Says Cllr. Scrimshaw: "Birmingham is quite deliberately pouring resources into Immigrant areas."

Housing is one of the main areas of discrimination in favour of Blacks. The Islington Committee for Community Relations in London says:

"The Council must give Blacks jobs in the Housing Department, particularly the Lettings Section; take special steps to inform Blacks of their rights to housing; give preference to West Indian mothers and Black youth; print all forms in Immigrant languages; and scrap residential qualifications."

"Racists who work and operate in the Department must be iden-

tified and dismissed," they say.

But this flagrant pampering of the Immigrants while Whites endure poorer conditions is not enough for the Labour party! They say that local Councils should be compelled by law to "spend money on Blacks."

This scheme was put forward in a secret report to Labour's home policy committee. "Since many authorities would not be inclined to spend money on Blacks," it says, "there should be a statutory duty." The report advocates a re-allocation of money to provide a "Black Programme" of £60 million a year for Immigrant areas.

ALL THIS IS PART OF A DELIBERATE ESTABLISHMENT POLICY OF PUTTING BLACKS FIRST IN JOBS, HOUSING, EDUCATION AND WELFARE. THERE IS EVEN AN INSANE SCHEME FROM THE SOUTH EAST PLANNING COUNCIL TO IMPORT MORE IMMIGRANTS AND HAND OVER WHOLE CITIES TO THEM. THE BRITISH PEOPLE ARE BEING DISPOSSESSED!

WOLVERHAMPTON DISINTEGRATES: A CITY ROCKED BY MULTI-RACIAL BEDLAM

WOLVERHAMPTON is now disintegrating in the welter of multi-racial chaos. All-night parties in brothels, violent crime, attacks on police, Black Power in schools — these are just part of the "cultural enrichment" brought by Coloured Immigration.

Angry residents of Austin Street have complained to Wolverhampton Council about the bedlam of all-night parties at a house used as an illegal nightclub and brothel.

The house is one of many occupied by a West Indian gang who break into houses and use them as brothels. Neighbours go in fear, while prostitutes trade openly, nearby garden walls are used as lavatories and piles of rubbish litter the area.

"I just can't stand it any more," said one resident. "I had less than ten hours' sleep all last weekend."

Meanwhile, police uncovered an organised prostitution ring run from flats in the Immigrant-inundated Blakenhall Gardens estate.

One 70 year old White woman told of being continually woken at night by banging at her door, shouting and music, as men queued to get into an all-night party in one of the flat brothels. Another elderly woman was threatened with a broken bottle for complaining.

Also in Wolverhampton, six Black youths were convicted of a "savage and wicked attack" on police officers as they went to investigate a brawl at a bowling

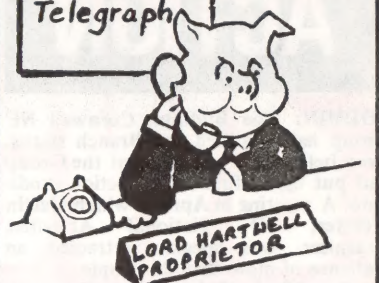

alley. The local Communist Party has complained to the Home Secretary, saying the police were "prejudiced".

The following day, three White teenagers were fighting for their lives after being stabbed during a fight with a gang of West Indians. The three wounded youngsters were found lying in pools of blood after seven Blacks boarded a bus.

Violence may be connected with the Black Power Rastafarian cult which is spreading in Wolverhampton schools. Blacks are wearing woollen hats and spiked hair in defiance of school discipline. The Director of Education says he knows about the cult, but does not yet know "how deep or significant it is."

NEWSPIG

Daily
Telegraph

"Of course, Dr. Gewirtz, I realise that these National Front women pose a monstrous threat to democracy-as-we-know-it, and I will be delighted to 'kill' the story about them forthwith. If Kemp makes another mistake like that he'll be our Netball Correspondent before you can say chutzpah."

'White society no longer useful'

BLACK writer Claudius Johnson says it is time White British people took a back seat and realised that White society "has outlived its usefulness".

The outburst was made in a magazine for young Blacks in South London called *The Wire*. "The time has come," he says, "for White society to face reality . . . the previous old White Anglo-Saxon structured society has outlived its usefulness."

"England is no longer a predominantly English society, it is a multi-racial society. Whites are now just one group among many living in Britain."

The magazine is based at the Lewisham Council for Community Relations, paid for by White British taxpayers. L.C.C.R. boss, Asquith Gibbes, is an Executive of the Communist Party.

Black population: Immigration and birth rate zoom

"GRAVE AND DISTURBING new evidence" of continued massive Coloured Immigration into Britain has been uncovered.

The evidence, collected by an all-party Select Committee, reveals that:—

1. Hundreds of thousands of Immigrants are entering Britain through organised racketeering.

2. Immigration is running far higher than Home Office statistics show.

3. Second and even third wives are getting into Britain as 'dependants', and teenagers as phoney 'child' dependants.

A recent *Daily Mail* investigation confirmed this never-ending invasion. Mohammed Yaqoob, a lawyer in Pakistan who processes documents for Immigrants, told the paper:

"Only this morning I processed the documents of a young man who is to marry a Pakistani girl from Slough. Now, his father will be 65 in two years' time, and he and his wife are already planning to join their son."

"And the custom is that the children of the new family will also be found brides and husbands here, so already I am thinking of 20 years ahead. And these in turn will have more dependants."

Meanwhile, official statistics of the Office of Population Censuses have revealed a terrifying boom in the number of coloured births. 1 in 15 of all births in Britain are now Coloured.

Immigrant leader Praful Patel immediately demanded censorship on all future statistics. "They can be twisted by the National Front," he yelled.

FRONTLINE ACTION

BODMIN: The Bodmin, Cornwall NF Group has qualified for Branch status. Even before this achievement the Group had put up its first local election candidate. A meeting in April at which **Martin Webster**, NF National Activities Organiser, was speaker attracted an audience of more than 80 people.

Mr. Nigel Hedger, the Organiser reports: "We enjoy reasonable relations with most of the area's newspapers, with the exception of the *Cornwall Courier*. When we held our inaugural meeting last year intimidation attempts were made by International Socialist students imported from Exeter."

"On Police advice we did not give the *Courier* notice of the meeting at which Mr. Webster spoke, and as a result there was not a scrap of trouble."

BASINGSTOKE: A gang of Left Wing students, from Reading University, Berkshire, assembled outside the Carnival Hall, Basingstoke, Hampshire, recently to try and prevent the local NF Branch from holding a meeting at which NF Directorate member **Jeremy Wotherpoon** was guest speaker. They failed miserably.

As evidence of the level of literacy attained by the University Reds their banner spelled Fascist: "FACIST".

HULL: More than 50 members of the Hull NF Group gave a warm reception to NF Directorate member and Yorkshire Regional Organiser **George Wright** when he attended a Group meeting on 24th March to give a talk about the importance of electoral work.

Mr. Wright's informative talk, the lively discussion period and a very well decorated hall all contributed to an enthusiastic atmosphere and £66 was collected for Group funds.

The Group has greatly increased its membership and enhanced its organisation during 1976, thanks to the work of Organiser Mr. **Tony Braithwaite**, Secretary/Treasurer Mr. **Robert Tenney** and teenage Activist **Bill Wright**.

This rather isolated Group was nearly lost to the NF when its founding Organiser defected to a splinter group in 1976 and tried to take the membership with him. But young Bill, on his own initiative, called on every Group member and upheld the NF so effectively that the renegade Organiser fled to Brighton.

NORWICH: More than 20 Norwich, Norfolk, Branch Activists gave a resounding heckling to John Ennals, Director of the U.K. Immigrants Advisory Service, Harold Mangar of the Race Relations Board, and Maurice Styles, Assistant General Secretary of the Union of Post Office Workers, when they addressed an "anti-racist" meeting at the city's Frazer Hall on 25th March.

The only time the NF members broke off hissing and booing in order to cheer was when Ennals admitted: "1976 was a bad year for race relations." Even-

tually the hecklers were ordered out. The picture shows NF Activist Mr. **Alan Wells** giving a parting shout.

Because of the effectiveness of this demonstration, a Red faction on the Norwich Trades Council were successful in getting Norwich NF Branch Chairman and T.G.W.U. Shop Steward Mr. **Bill Fitt** expelled from the Trades Council.

HYDE: Hyde (Cheshire) Group of the National Front have given active support to a petition of residents of Albion Street which opposes a plan to convert two terraced houses into a Pakistani mosque.

Several NF "Your Last Chance" posters mysteriously appeared on the walls of the premises. Labour Councillor Mr. **George Morgan** told the local paper: "The NF posters are disgusting." Mr. **Frank Dawber**, NF Organiser, replied: "Truth told with passion will inevitably upset the effete."

LEEDS: A full-scale investigation is being conducted by the Yorkshire Bank Ltd. to investigate how National Front leaflets have been included with statements sent to customers from its computer centre. The investigation was given front page publicity in the *Yorkshire Post* on 28th April.

One leaflet issued was in support of a Leeds NF local election candidate Mr. **Jack Smith**.

He said: "I have no idea how this could have happened." It's all very mysterious and sinister!

DERBY: Four Derby NF Activists - Messrs. **Bob Vickers** (Group Organiser), **Martin Hall**, **Terence Wood** and **Peter James** were each fined £21 plus £4 costs on 21st March as a result of 'fly-posting'. The original charge of "Posting offensive material" was dropped.

Defending Solicitor Mr. **Anthony Reed-Herbert** (Leicester NF Branch Organiser) told the Magistrates: "It is to these men's credit that they take the time and trouble to be aware of the state of their country."

RED THUGS FAIL AGAIN

OWEN MASTERS, NF Parliamentary candidate for Gloucester, shows the rock hurled by a Red demonstrator which hit him on the head just prior to a meeting in the city on 27th April. The size of the rock shows the Reds wanted Mr. Masters put "out of business" for the night - if not permanently!

As ever, the cowardly Reds misjudged the calibre of NF campaigners. After hospital treatment Mr. Masters went back to the meeting to speak. A tribute to his courage was paid by NF Chairman **John Tyndall**, guest speaker at the meeting.

NF News sale starts Diss Group

DECIDING that they had saturated Norwich with enough NF literature to be going on with, local Activists decided to break new ground with an NF News sale in the not-too-distant town of Diss, Norfolk, one Saturday recently.

They ambled slowly through the busy shopping streets shouting and showing their wares and holding aloft Union Jack flags. They surprised themselves by selling more than 100 copies in less than two hours.

This sale, plus front-page publicity in the local paper, aroused so much interest in the NF that a new Group of the party is being formed there.

All other NF Branches should adopt this tactic.

SPECIAL ANNOUNCEMENT NATIONAL HEADQUARTERS AND CLUBHOUSE

This scheme will also be promoted in the next NF Members Bulletin, Organisers Bulletin, the next issue of National Front News and all Branch Newsletters.

The National Front is forging ahead, in membership recruitment and in the struggle for votes at elections. There remains one very serious weakness - the lack of spacious, secure and permanent accommodation for the National Headquarters.

The Finance Committee of the NF Directorate has set as its target to provide during 1977 a building in the Greater London Area. The Ground Floor will house a Clubhouse, and the remainder of the premises will provide the larger office and printing facilities which the growth of the party urgently demands.

Obviously a large sum of money will be required, and the Finance Committee has already been raising this in a number of ways. Several individual members and larger Branches are prepared to contribute to a substantial extent, which will bring us one third of the way towards the target figure.

More remains to be done, and URGENTLY. Leicester Branch purchased their own building by means of loans, and it is a fact that if only one third of our members would LEND - not GIVE, but LEND - the Party £5 for five years we could instruct Estate Agents to start looking for YOUR new Clubhouse and H.Q. right away.

A 5 year LOAN SCHEME is being started, and it is hoped that every single member will make an effort to contribute at least the minimum of £5. A special Anniversary Souvenir receipt form is being printed, and this may be used to claim repayment at any time after 5 years.

All Loan Scheme money will go into a special account administered by the Finance Committee, and Chartered Accountants have been appointed to audit the Building finance. Provision has also been made for repayment to members at the end of five years.

REMEMBER - when the new Race Laws come into effect, the NF Club will be the only place in London where you can be sure of not being forced to mix with alien immigrants. THIS SCHEME IS VITAL TO THE FUTURE OF THE N.F. GIVE IT YOUR MAXIMUM SUPPORT!

Elections bonus: young people are 'smitten with National Front fever'!

EXPERIENCED National Front campaigners know that the principal reason why the party devotes so much effort to all types of elections even in this early stage of its development is because they are such great recruitment operations.

After the recent spate of Parliamentary by-elections and G.L.C. and County elections, NF Head Office was flooded with membership enquiries at a rate of 200 a day throughout April and early May.

Mrs. Beryl Mitchell, Head Office Membership Secretary told NF News: "One of the most encouraging aspects of this mail is the huge proportion of young people who are desperate to join the NF."

"Typical of the letters we have

received came from one sixth form schoolboy who wrote: 'I am smitten with National Front fever!' Others tell of their battle against anti-British multi-racialist brainwashing lessons.

"We also get large numbers of letters from young people - boys and girls - who have just left school and who hate having to work cheek-by-jowl with Immigrants. Even sadder, we hear from many others who have to jostle with Immigrants while job hunting."

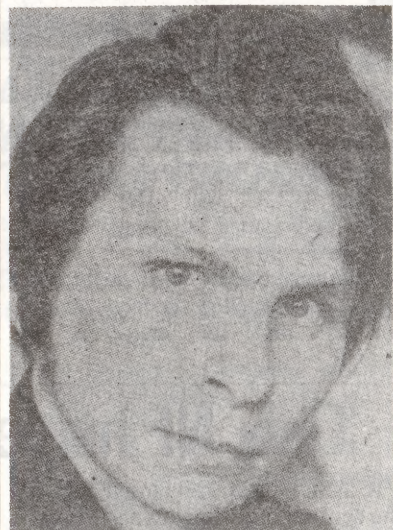

"I am delighted to report," says Mrs. Mitchell, "that this year's crop of college students are more resistant to Marxist brainwashing, and we have had a very steady flow of recruits from colleges and universities."

"The letters all these young people write are wonderfully sharp and refreshing. Our enemies are mistaken if they think they have the younger generation 'all sewn up!'"

Mr. Robin May, Chairman of the NF Branch Liaison Committee asks all Branch and Group Committee members to get to work quickly to follow up these enquiries with personal visits.

"Only by immediate and intensive follow-up campaigns can we reap the full benefit of the hard work put into elections," he said.

New Zealand 'NF' organisation formed

THIS is Mr. Kerry Bolton, North Island Organiser of the National Front in New Zealand, whose formation and policies have been inspired by the National Front in Britain.

The National Chairman of the N.Z.N.F. who has been in contact with the NF in Britain for some years, is Mr. David Crawford of Christchurch, a co-editor of the magazine *Heed*.

The N.Z.N.F. is a pressure group operating within the governing National Party. This may not last long as Prime Minister Muldoon has declared: "members of the NF will be rejected by the National."

N.Z.N.F. supports a White Commonwealth alliance including Rhodesia and South Africa, opposes all Coloured Immigration and opposes international finance and communism.
